

PER|SON|AL|I|TY, noun;

Expression of character.  
Is present in all forms of our work.

For more than 270 years we have found, published and distributed the works of science pioneers at De Gruyter (pronounced: [də 'ɡʁʊɪtɐ]). In 28 disciplines, from A as in Arts, or M as in Material Sciences, to T as in Theology and Religion, we produce relevant publications. From Basel, Berlin, Boston, Munich, Beijing, Warsaw and Vienna we send knowledge into the world. And never stop learning - in our culture of courageous zeitgeist, charming enthusiasm and enjoyable expertise. Do you want to know? Welcome to De Gruyter!

## TECHNICAL SOLUTIONS ARCHITECT (F/M/D)

📍 BERLIN | ⌚ FULL-TIME EMPLOYEE | 📅 AT THE EARLIEST POSSIBLE DATE

As a member of the Digital Services team, you will be at the forefront of systems architecture definition and implementation for our business technology portfolios. You will work closely together with our Digital Director. This position is based in Berlin and offers an unlimited contract.

### Your tasks

- Unique opportunity to join our mission to becoming a truly digital business; what you do will have a transformative impact on business processes as well as on our work culture
- Enabling our business processes with new and innovative ways to deliver services and value to our customers
- Translate business requirements into specific systems, applications or process designs for large complex IT solutions
- Translation of metrics, research & results into concrete business results
- Working with Java, Play/Scala; and AWS as platform
- Mentoring team members as needed; functioning as an advocate for a data-driven approach to business decisions

### Your profile

- Bachelor Degree in technical/business area or equivalent work experience
- 5+ years of technical experience in multiple, diverse technologies and processing environments including 4 years of technology architecture experience
- Comfortable in more than one programming language and broad fundamentals in application, data, and integration technologies
- Understanding of all domains of architecture and applying knowledge to create solution architectures to solve complex business problems
- Experience defining and negotiating solution options while considering risks, costs, and impact on business processes and goals
- Exceptional interpersonal skills, including teamwork, facilitation, and communication

### We offer you

- An exciting professional challenge for one of the innovation drivers of the publishing industry
- Extensive benefits for a healthy, balanced life and work
- Time and space for curiosity, learning and development
- Passionate colleagues in diverse teams
